

Federal Bridge CA Certificate Policy Change Proposal

Change Serial Number: 2001-05

Title: Define “component private key”

Date: 31 May 2001

Version and Date of Certificate Policy Requested to be changed:

X.509 Certificate Policy For The Federal Bridge Certification Authority (FBCA) Version 1.1.5

Change Advocate Contact Information:

Name: Mike Jenkins

Organization: DoD

Telephone number:

E-mail address: mjenki@missi.ncsc.mil

Organization requesting change: CPWG

Change summary: See Background

Background:

The CP currently uses the term “component private key”, but does not define it. The term comes from certificate issuing and management component protection profile work, which is not yet commonly understood by the PKI community. A glossary definition is required.

Specific Changes:

Existing text:

Proposed revised text:

Add the following glossary entry:

Component Private Key

Private key associated with a function of the certificate issuing equipment, as opposed to being associated with an operator or administrator.

Estimated Cost:

There is no financial cost associated with implementing this change.

Implementation Date:

This change will be implemented immediately.

Prerequisites for Adoption:

There are no prerequisites.

Plan to Meet Prerequisites:

There are no prerequisites.

Approval and Coordination Dates:

Date presented to CPWG: 31 May 2001

Date CPMWG recommended approval: 31 May 2001

Date Presented to FPKI PA:

Date of approval by FPKI PA:
